## Nurturing Diversity at Wood End

Dear Parents and Carers,

At Wood End it is our aim to develop a community which works together and is mutually supportive. To do this we have to first get to know our community. To support us in taking steps towards this, please could you **send in one picture** of your child with their household.

We will display these in the children's classrooms.

Through this display we aim to share with each other the diverse family structures that we come from and the richness of backgrounds that we have amongst us. At Wood End we want our children to have a sense of belonging and pride in who they are, sharing common characteristics and nurturing individuality.

Yours faithfully,

Miss Sharma and The Staff of Wood End
