- All other household members isolate for 14 days or until a negative result is confirmed.

Dear Parents,

It is truly wonderful to be able to welcome all of our families back to school this week. There is lots of joy but unfortunately some sadness, This is a time when we need the school community to support each other, and we thank you, for what you do to make this happen, with small contributions such as wearing a face mask when coming to school & reinforcing messages about hygiene with your children. Together we can help to keep each other safe.

We are supporting the children in school as they reconnect with peers, We are rebuilding our curriculum to help address key gaps in learning. We asked before we returned, for you to tell us if there was anything we needed to be mindful of as the children return, we ask this again - please share with us if you feel your child is not settling or is concerned about something.

Miss Sharma

Dear Parents and Carers,

I am so pleased that we were able to open fully and safely on Monday 8th March, welcoming back all children. Nothing can replace the face-to-face contact of your child with our experienced and talented staff, but what they have been able to achieve, with your help, via remote learning has been great. Thank you for your support.

It is understandable that there may be some apprehension, but please be reassured that every effort has been put in place to ensure everyone's safety in school and to promote the wellbeing of your child. We all look forward to a return to some sort of normality in the near future!

Best wishes, Rabia Adeogun (Chair of Governors)
